

PRODUCT INFORMATION SHEET

Rubber Insulated Drum Extension Cord

Product description

The high-quality, practical drum extension cord allows 4 devices with a total power of up to 3600 W to be connected simultaneously.

Charakteristics

- cables in neoprene insulation H07RN-F, characterized by high resistance to mechanical damage, long-term resistance to weathering, chemical substances such as oils, petrol, alcohols;
- IP44 standard extension cord guarantees resistance to dust and splash, enabling its use outdoors;
- perfect for operation in difficult conditions both indoors and outdoors, e.g. at construction sites or workshops;
- black cable with three copper conductors, 2,5 mm² diameter each;
- thermal protection protects the extension cord from overheating and damage;
- French type sockets with child-proof covers and splash-proof flaps;
- drum made of durable plastic;
- stable frame with an ergonomic handle for easy transport;
- provided with a brake and a practical clip to attach the cable to the drum.

Technical data

load capacity - 1200 W (coiled) and 3600 W (uncoiled)

rated current - 16 A

rated voltage - 230 V

degree of tightness - IP44

insulation type - H07RN-F
