

PRODUCT INFORMATION SHEET

5-piece insulated screwdriver set

Description

A set of four screwdrivers for working on live electrical wires at voltages of up to 1000 V. Set includes a voltage tester for detecting voltage in wires and electric outlets.

Characteristics

- compliance with DIN 60900
- VDE 1000 V rated
- made of high quality S2 alloy steel
- durable, resistant to damage and deformation
- insulated magnetic tip increases precision and comfort when working
- bi-material handle with specially formed anti-slip surface for high speed torque transfer
