

PRODUCT INFORMATION SHEET

Protective ankle boots

Product description

Functional protective ankle boots, category II, designed to protect feet against external factors. Designed to provide safety and comfort at work. The product is compliant with the EN ISO 20 345:2011 standard which defines requirements for safety shoes.

Characteristics:

- category of work-protective shoes with additional properties – S1P;
- anti-slip properties – SRC;
- reinforced heel;
- steel toe cap for enhanced protection of toes (resistant to impacts up to 200J);
- made of leather;
- anti-slip polyurethane soles;
- lining made of breathable knitted mesh, which ensures good ventilation;
- EVA (Ethylene-vinyl acetate) lining that prevents chafing;
- absorbs energy in the heel area;
- resistant to diesel oil and lubricants;
- steel insole that protects against perforating up to 1100Kn;
- ESD properties;
- additional collar made of soft fabric to protect the ankle;
- sports model;
- CE certificate;
- dark blue and green colour with black insertions and fluorescent elements;
- optimum fitting to the shape of foot for comfortable use.
