

LABER protective sandals S1P SRC navy 44

Opis Produktu

Men's safety sandals made in accordance with SB category of work-protective shoes according to ISO 20345:2011. Footwear made of suede provides convenience and comfort of use. Sandals are equipped with steel toe caps which protect toes, among others, against falling objects, rubble, tools. Additionally, steel insert in the sole allows to work on the ground with sharp protruding objects. Sandals are perfect for walking on uneven and slippery surfaces due to anti-slip soles.

Sandals recommended in logistic, transport, automotive industry, renovation and construction works. They are perfect for indoor use (e.g. halls). Especially recommended in spring and summer seasons.
