

## PRODUCT INFORMATION SHEET

### Gas Soldering Lamp

#### Product description

Gas soldering lamp for use in households, catering, fishing, craft and automotive workshops etc. It can be used for soldering tin, aluminium, silver, shaping or bending pipes, plates, etc. Useful for lighting barbecues, fireplaces and bonfires, as well as for defrosting, burning, paint removal, modelling, and any work requiring heating. The burner can be safely used at any angle, even in inaccessible places.

#### Charakteristics

- powered by butane / propane-butane gas in 190 g pierceable gas cartridges;
- piezoelectric ignition – pressing a button causes a spark that ignites the gas stream;
- flame adjustment knob;
- a metal valve guarantees tightness and failure-free operation;
- simple and safe to use;
- suitable for operation in any position at a 360° angle, making it easier to work in inaccessible places and significantly increasing safety.

#### Technical Data

Power 1.7 kW

Max. temp 850°C

Gas consumption 123 g/h
