

PRODUCT INFORMATION SHEET

Grinding wheel multi-purpose

Description

A wheel made of high-quality fast cutting corundum aluminium oxide. Designed for use with angle grinders. Used at a 90-degree angle when cutting concrete, ceramic materials, PVC, metal sheets, pipelines, profiles, structural steel and stainless steel. Working speed: 80 m/s.

Characteristics

- the multi-purpose design saves time otherwise consumed in discs changing
- fast cut rate and minimum material loss
- ultra thin 1.6 mm
- lower power consumption
- low vibrations
- iron free
