

## PRODUCT INFORMATION SHEET

# Set of pliers with interchangeable dies for crimping electrical connectors

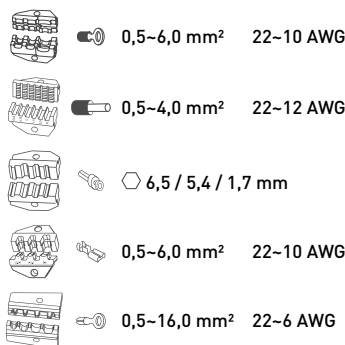

### Product description

Universal set of electrical connector crimping pliers with 5 interchangeable dies for work with multiple standard types of electrical connectors. The quick-change die system allows the dies to be changed efficiently, depending on the type of currently processed fitting. An additional stripper with a cutter provides all the necessary tools necessary to get the job done, packed in one convenient case. Used for installation and assembly work in electronic services, as well as in motor vehicle mechanics or telecommunications.

### Characteristics

- 5 different dies for crimping of connectors with cross-sections of 0.5 - 6.0mm<sup>2</sup> (AWG 22 - 10) and 0.5 - 16 mm<sup>2</sup> (AWG 22 - 6);
- insulation stripper in the range from 0.6 - 2.6 mm<sup>2</sup> (AWG 22 - 10);
- ratchet mechanism for precise, repeatable crimping of terminals on the cable;
- wire stripper with wire cutter and PH1 screwdriver included;
- total length of pliers: 225 mm;
- a handy, contoured, two-component handle for comfortable grip and handling of the pliers;
- set packaged in a practical and handy zip-lock case.
