

PRODUCT INFORMATION SHEET

Workshop lamp 800 lm

Product description

Multifunctional device for illuminating hard-to-reach places with white and red light. It is particularly useful for car, mechanical or plumbing workshops, electricians and DIY enthusiasts. In addition to lighting, it can also function as a power bank. It offers 4 lighting functions from two light sources, allowing the lighting to be perfectly suited for different tasks. Red light does not dazzle and helps the eyes adapt to changing lighting conditions. In addition to the main lamp, it has a top light on its narrow tip that can be placed in narrow spaces. The additional light is turned on by pressing the power button twice quickly. COB LEDs have more focused light, clearly emitted in a narrow beam from one point. It has a function of smooth regulation of lighting intensity. Holding the button dims the light, stopped when the button is released. The rotated and tilted in two axes head makes it possible to set the direction of light, adapting the tool to current needs. Built-in 2 strong magnets at both ends of the device, a metal hook and a clip make it possible to mount the lamp in many ways and to free up your hands for work. The lamp is powered by high-quality, capacious batteries, charged via a USB-C port. A LED indicator shows the battery level. The surface of the housing is resistant to dirt and it allows the lamp to be held securely in a hand. The lightweight and compact design of the lamp makes it easy to carry and store.

Characteristics

Max. luminous flux - 800 lm;

Main light source - 10 W COB LED, 6.500 K;

Four operating modes - luminous flux / operating time / lighting range:

1. 800 lm / 3 h / 50 m, white COB,
2. 800 lm / 15 h / 50 m, red,
3. 150 lm / 9 h / 40 m,
4. 50 lm UV / 35 h / 8 m;

Additional function - smooth regulation of lighting intensity;

Power bank - yes;

Head adjustment - in two axes, 180° each;

Power supply - Li-Ion battery, 3.65 V, 4000 mAh;

Charging time - 5 hours;

Charging port - USB-C;

Mounting - 2 magnets, a hook for hanging, clip;
